VALUATION RULES

Valuation Rules

1. Formation Expenses

Formation expenses are entered as assets on the balance sheet at purchase price. Formation expenses are depreciated in a straight line over 5 years.

2. Intangible Fixed Assets

2.1 Patents and Licenses

Patents and licenses are entered as assets on the balance sheet at purchase price. They are depreciated in a straight line over the period during which the patents will generate profits. The depreciations of the patents are entered in tandem with the recognition of royalties in order to observe the contractual basis optimally. Depreciations are entered in case of permanent short value or devaluation of the patents.

2.2 Goodwill

Goodwill resulting from takeovers and mergers is amortised over 5 years.

3. Tangible Fixed Assets

The tangible fixed assets are entered as assets on the balance sheet at their purchase price or at their cost of manufacture. The depreciations are applied on an annual basis at the following percentages and methods:

Laboratory material 20% - straight line

Installations 20% - straight line

Equipment 20% - straight line

Furniture 20% - straight line

Vehicles 20% - straight line

Office supplies 33% - straight line

The amount initially included for intangible fixed assets consists of external study and production costs through subcontracting and internal development costs. After their initial entry in the balance sheet, the intangible fixed assets are valued at cost minus accumulated depreciations and accumulated special depreciation losses. The depreciations of the activated development costs are entered in the profit and loss account under section "Research and Development Costs". An internally developed intangible fixed asset which results from development activities is only activated when the following conditions have been met:

- * Technical feasibility to make the intangible assets available for use;
- * Intention to finalise the intangible assets and the use or sale thereof;
- * Feasibility of using or selling the intangible assets;
